

COVID-19 Statement

When you are ready to party, Taylor Rental is ready to help you party safely!

This has been a difficult time for everyone and we know you want to get back to your graduations, weddings, showers, barbeques, and general celebrations. As a provider of rental equipment to New Jersey for over 50 years, we take our duty to help you party safely very seriously. We have been making the most of our quarantine time by doing a thorough and detailed cleaning and evaluation of our inventory. We have also established new processes to protect our customers and staff including:

- Contactless delivery and pick up, including electronic signature capabilities.
- Staff supplied with appropriate PPE and facemasks.
- Each product is sanitized after EVERY rental with EPA approved professional strength antibacterial disinfectant.
- Staffing has been adjusted to provide for social distancing in all our facilities.
- Any staff members who feel ill at all have been asked to stay home and contact their family physician.
- In order to further protect our customers and staff, we will not be allowing customer pick up of orders at this time.

As we get ready for the next phase of the new normal we welcome any questions and concerns. Please let us know how we can help you party safely!

David A Schroeder
